## What we do

TTC is a Small Business delivering full lifecycle IT Management and Professional Services solutions built on industry best practices.

We deliver technical solutions for cloud/on-premises infrastructure, cybersecurity, data analytics, software development, SME's and Program Management Professional services. We help Defense and Civilian Agencies redefine the way they use, care for, and share their data and information to accomplish the mission. Our people modernize enterprise IT environments for government customers and maintain them via their preferred service delivery methods. Our Program Management experts help agencies maintain operations and business continuity.

We apply our processes to support our customers so that we can provide the following benefits:

- *Increased customer satisfaction*
- *Increased accuracy when developing schedules and budgets*
- *Heavy focus on documented processes and techniques*
- *Decreased cost for developing work products*
- *Decreased work product defects*
- *Implementation of industry best practices for Program Management*
- *Creating a relationship to ensure our customers are meeting mission objectives*

## Who are we?

Founded in 2005 and headquartered in Newport News, VA., TTC is a Small Business operating on a business philosophy emanating from its founders Jose Rojas and Frank Vella. Today's ownership includes Sheri Robinson and Ray Turner, delivering DoD related expertise to the team. Each have a defined role and are directly involved in company operations.

Our leadership team is always available to our exceptional employees, clients/customers, Govt stakeholders, and contracting representatives.

They empower our on-site and corporate personnel to make decisions in the best interest of the customer mission. This gives our customers direct access to TTC's highest corporate level and our delivery personnel unmatched authority to do what is in the best interest of the customers' missions.

TTC supports numerous USAF clients. Our experience is well documented within Air Force operations with superb past performance coupled with mission accomplishments:
